

Jewish values posters

Like PJ Library books, these Jewish value posters are intended to help stimulate conversation in the classroom. They are excellent reminders to connect everyday happenings to Jewish values. Change where and when you display the posters to keep the conversations going. Share how you use the posters to ensure that Jewish values are never “out of sight and out of mind” in your classroom.

- Hang posters as part of your print-rich environment to develop literacy
- Introduce a poster at morning meeting before or after reading a book with a similar theme
- Display the poster where you are likely to refer to its value
- Call attention to the poster and value when you see the value in action
- Ask the question on the poster in group discussion or with individuals
- Draw your families' attention to the poster and start a conversation
